

## INSTALLATION INSTRUCTIONS

### Notes

**Read this instruction carefully before starting installation.**

Proper tools will improve the quality of installation and reduce the time required.

All mirrors are asymmetrical design for better view range.

If missing parts or any damage found, please take a picture and contact us.

Reference the vehicle owner's manual to adjust the new mirrors.

## INSTALLATION INSTRUCTIONS

### Step 1:

1. Open the front door to remove the upper extension triangular trim panel.
2. Remove (3) rubber plug beside triangular trim panel.

**1999-2007 Models**

**2008-2016 Models**

## INSTALLATION INSTRUCTIONS

---
